OLD HAY WAGON WON.

Notable Contest Between Ruddy Hands and Steam in New York City.

In what are sometimes called the halcyon days of the volunteer fire department of New York there was a prejudice against the use of steam power on fire engines.

The New York firemen still believed in the work of ruddy hands and proved their sincerity by challenging an Ohio inventor of a steam fire engine, named Latta, to a public trial of strength and excellence in the city hall park.

A match was applied to the kindling wood in the Ohio steam engine, which in 8 1/2 minutes began to pump and discharge water through two large nozzles.

The Grand Jury will hold an ice cream festival in Robinson's opera house on July 1st and 2nd.

Orders have been issued at Camp Alger that there shall be no more free transportation issued to or from the camp, although this of course, places no restrictions on furloughs.
